

# A Disciple's Heart

Growing in Love and Grace

## COVENANT

We are a covenant fellowship of Christians intended to provide a safe, confidential environment where we can deepen our relationship with Christ through:

### Accountability to each other for:

- Praise of God in our lives.
- The confession of our sins.
- Attendance at the group and communication if we miss.
- The practice of daily spiritual disciplines, with a particular focus on regular reflection on Scripture and prayer time.
- Forgiving our enemies.

### Encouragement with & through:

- Praying for one another in our walks with Christ and in our family relationships.
- Ordering our lives as servants of Christ, family, congregation, and community.
- Unifying our love for God and one another so that a tangible difference is made in our community through service and sharing the Gospel with others.
